

LED Light Tube T8

GT-T9W

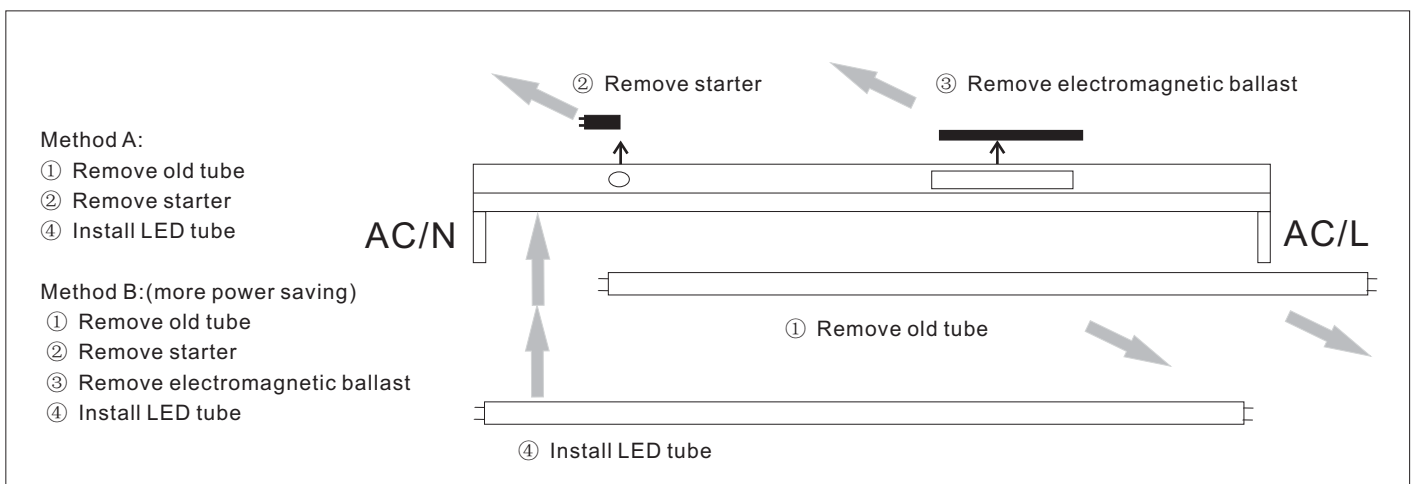

Features:

- ◆ With better luminous efficacy, comparing with fluorescent tube
- ◆ Extremely long life >50,000 hour & 10 times longer, save labor for tube replacement
- ◆ Low power consumption: save 70 - 80% electricity
- ◆ Instant start, no flickering, no humming
- ◆ No RF interference, electric wave resistant
- ◆ RoHS compliant, no mercury inside

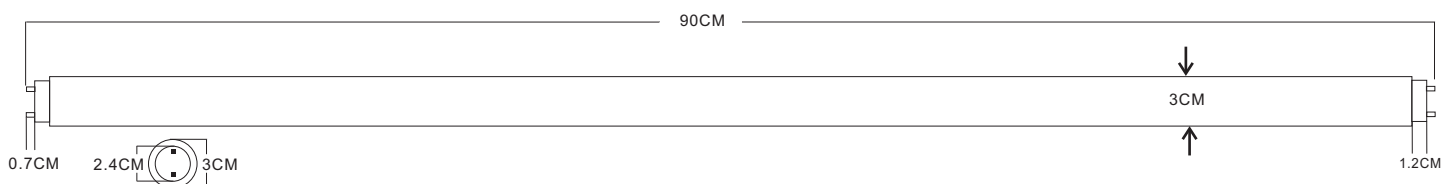

Part Number.	GT-T9W
Wattage	9W
Approximate Equivalence	36W fluorescent tube
Dimension	90CM
Power factor	>85%
Power supply	85-265 V
Life span	50,000 Hours
Color	Cool white / Warm white
Lumen	840 -1008 lm
RoHS compliant	Contains No Mercury or Lead
Warranty	2 Years

Installation:

Dimensions:
